

10R Interclub Shield Round 4

Lake Macquarie RYC

Sunday 3rd August 2014

The winds were blowing off the icebergs floating in the southern end of Lake Macquarie when 14 keen sailors faced the starter at Edwards Park , Booragul for the LMRYC 10R Interclub on 3rd August. The wind was fitful from the south west but by midmorning it backed to the south at around 10 knots.

The club would like to thank all those involved who travelled from the South Coast , Sydney , Central Coast , Tuncurry and Newcastle to compete, we were grateful that all appeared to enjoy their day.

We also had the pleasure during the day of a visit from Mr. Thomy Blatter. Thomy is the President of the Swiss Radio Sailing Association and an International Judge: a very knowledgeable man - his understanding of all facets of radio sailing is vast.

Thomy sailed several races during the day - won one very well - and exchanged rigging and sailing ideas with many of the boys. Thank you Thomy for your visit , it was a great pleasure to meet you.

Garry Bromley from Koonawarra Bay was a clear first on 31 points, with Phil Lawson from Tuncurry coming second on 46 points on a count back with Colin Andrews from LMRYC third .

Again our thanks to all who spared the time to sail with us.
