

BRISBANE WATER RADIO YACHT SQUADRON Inc.

RADIO SAILING AS IT SHOULD BE!

The first Soling Inter Club Regatta was held under grey skies but unlike the previous few days the rain held off. The wind started quite light but strengthened throughout the day and a good days sailing was had by all. The only down side was that John O'Sullivan, who looked like a prize fighter after a bout of facial surgery, lost his hatch cover and the yacht filled with water and sunk to the bottom of the lake.
