

**BRISBANE WATER RADIO YACHT SQUADRON Inc.**

# **RADIO SAILING AS IT SHOULD BE!**

## **SOLING ONE METER INTERCLUB 2015 Rd 1 1st March 2015**

Brisbane Water Radio Yacht Squadron held the first round of the 2015 Soling One Meter Interclub on 1st March in bright sunny conditions. Racing got underway at 10.00am with a series of scratch races before the lunch break and handicap races during the afternoon.

With a good roll up of 22 entries, the scratch races were held as 2 fleets. Wind conditions were a little variable at times going from almost dead calm to lively breezes from all directions. All races were, however, sailed in good humour and kept in control by PRO Allan Bicknell and his offsider Phil Page. A total of 7 races each of 2 heats (including seeding heats) were held with the worst score dropped in determining the scratch race results.

After lunch a series of handicap races were held with the full field racing as one fleet except for Maurie Hotson who had to retire for the day with winch problems. A total of six handicap races were held with all six counting for the results.

Points from the scratch and handicap rounds were then added to determine the overall results.

Congratulations to Peter Lee, Ian Lyons and Terry Howard for winning the scratch, handicap and overall pointscores.

Many thanks to the ladies who looked after us so well with lunch and also to those who bought along the goodies for us to eat.

Thanks must also go to Allan Bicknell for his efforts as PRO and to Phil Page for assisting with keeping us all within the rules.

We must also thank the visiting skippers from SMMC and ECSA for their competition and their help in making it such a great day.

Below are the results for all skippers and a few more photos of the day's events which were completed just in time to allow us to pack everything up before the impending storm arrived. There are also more photos and a video of the event at :-
