Report.

The Handicap regatta that was planned to be raced at Walka Water Works was going to be cancelled due to the course having a weed problem, now wanting the event to go ahead a couple of SCMYC members decided to have the event venue changed with the concurrence of the President so the event could go ahead. Bob Tonge, Grant Waring and short time member Phil Page along with the help of the Horizon Model Yacht club managed to put the event on.

Although poorly supported by the SCRYC members and most other clubs the event went ahead in testing conditions of westerly breeze up to 20 knots and C Rig all day, the dedicated supporters of our class who came to the event were well rewarded with some spectacular sailing and racing in a big swell and a large slop with huge troughs and consistent nose dives, all in all it was just a great day of 10r racing by those who keep our sport going through thick and thin.

New guy to the sport Jon Reid who was only on his 2<sup>nd</sup> sail day after the purchase of a 10r made it through the whole day with the support of Greg Mence, hope you enjoyed your introduction to the 10r class Jon. Andy Sands ..... Well if only we had more in the sport like him he travelled from Moss Vale sailed Sat at NM then Fronted up at Raymond Terrace the next day, I think we can all take a leaf out of Andy's book our sport would go ahead in leaps and bounds.

Until the next 10r regatta look forward to seeing you at an event.

Phil Page
