

Sunday 8th October the Northern Mariners conducted Round 5 of the 10 Rater Inter Club Shield.

Thanks to the 10 boats from four clubs for attending this handicap event.

We were greeted with an overcast day with little breeze. After a short delay PRO Phil Page made the decision to put the boats on the water.

The first lap of racing saw a bit of a drift. Andrew Holly broke out at the start only to have a couple of the back markers come through on new breeze and steel his victory. First heat was won by scratch boat Steve Sedgmen and we all thought here we go again. Fortunately he gave most of us 30 extra second start so it kept him back in the fleet for a while.

The breeze then settled into the NNE for a while and we had some great handicap racing in some consistent breeze. Heat wins were shared through the fleet and made for a close points finish.

Well done to new comers John Reid winning the day on 35 points and Andrew Holly on 38 points finishing second.

As you can see on the results sheet below the points were fairly close throughout the fleet.

Big thanks to PRO Phil Page for giving up a days sailing to run the day and also Fletch and Mrs. Fletch for once again providing lunch.

Also thanks to Owen Jarvis for providing his Laptop and his time for producing our results over the past two days of racing.

Not to forget the team from Northern Mariners for organizing the events over the two days of Sailing.

Dick McCulloch
